***Response to Amendment***

1. Newly submitted claims 1-8 and 10 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:  
New method claims require an additional search in class 601 and 128.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-8 and 10 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
